Hi Bennett,

I hope you had a great holiday! As we discussed, David and I made edits to the attached RTC to (a) conform with changes to the FRN and (b) address the comments we received on the RTC from OMB. Please take a look and share with who you need to, but please send as soon as possible to OMB. If it looks like transmittal will dip too far into this afternoon, please let me know.

A couple of questions for you: Will the statutory authority chapter be merged with the rest of the RTC or are those expected to remain separate? Will you be sending OMB the redline version of the RTC or do you send them a clean copy? There are probably some formatting issues due to Track Changes; can those be fixed after we send the document to OMB?

Thanks for your help with this and everything you've done with this project! Please feel free to give me a call if you have any questions or there is anything that I can help with.

Best,
Lindsey
